

Since the 2002-2003 season, ESD has maintained a record of all stats obtained for anyone who participates in our primary Quad (4 Man) Leagues. Using a common weighted average - (PPD + 10 x MPR) we have combined all stats for players who have completed the minimum requirement for eligibility based on the length of their league. As each season ends, those qualifying stats will be added to the overall list with the most recent year in RED. There are 3 ranks that pertain to each person's seasonal stats. Divisional Rank indicates how that person fared against others in their division that year. Season Rank indicates how a person's stats match up against all others who played that year across all eligible divisions. Overall Rank compares every person who has completed their minimum requirement within an eligible league.

Overall Rank	Season Rank	Divisional Rank	Name	Team	Division	PPD	MPR	WTD AVG	Weeks	Season
1	1	1	Tim Grossman	Prof M Barleys	Alb A Hcap	37.30	4.51	82.40	10	2007-2008
